Context

The Sallygate School is a special school for pupils from Key Stage 2 to Key Stage 4 with a wide range of attachment, trauma, social, emotional, mental health and learning needs. Our school is an accessible, inclusive and integral part of the Channels and Choices therapeutic community. It is a school where diversity is celebrated and strong relationships are built and everybody is treated as a unique individual. All pupils have SEND and as a result are supported by an Education, Health and Care Plan.

Mission Statement

At The Sallygate School we recognise that the personal development of each pupil; spiritually, morally, socially and culturally plays a significant part in their ability to achieve and learn and prepares them for the opportunities, responsibilities and experience of adult life.

The four areas can be defined as:

Spiritual Development: is about being reflective about beliefs, values and aspects of human experience, using imagination and creativity and developing a curiosity in learning.

Moral development: relates to recognising right and wrong in school life and outside, understanding consequences, investigating moral and ethical issues and offering reasoned views.

Social development: involves using a range of social skills in different contexts, working well with others, resolving conflicts and understanding how communities work.

Cultural development has to do with responding positively to a range of artistic, sporting and other cultural opportunities and to understand, accept, respect and celebrate diversity.
